

SVDC - Visualization Assignment

Jorge Gustavo Rocha | Paulo Dias Almeida

Mestrado em Inteligência Artificial, Universidade do Minho

Deliverable

For the assignment, you will create either a poster or a data story:

- **Poster** - visual summary of research results
- **Data story** - present a narrative supported by data

Guidelines

- group assignment (groups of 2 students)
- single page poster or data story (5 min. oral presentation)
- presented in class (from 14h to 16h, on may 28)
- choose your own datasets (mandatory use of more than one related datasets)
 - we **encourage you to use datasets that you are working with in other classes or that are relevant to your research interests**
 - on the next page you can find a list of sources for datasets that you can use, but feel free to search for others

Datasets Portugal

- [Plataforma aberta de dados públicos portugueses](#)
- [Instituto Nacional de Estatística](#)
- [Sistema Nacional de Informação Geográfica](#)
- [PORDATA](#)
- [E-REDES Open Data Portal](#)
- [Banco de Portugal — BPstat](#)

Datasets Europa

- [Portal Oficial de Dados Abertos da UE](#)
- [Eurostat](#)
- [Banco Central Europeu](#)
- [European Environment Agency](#)
- [INSPIRE Geoportal — dados geoespaciais europeus](#)
- [EMODnet — dados marinhos europeus](#)
- [European Centre for Disease Prevention and Control](#)

Datasets globais

- [Our World in Data](#)
- [Kaggle Datasets](#)
- [Registry of Open Data on AWS](#)
- [World Bank Open Data](#)
- [OECD Data Explorer](#)
- [International Monetary Fund](#)
- [World Health Organization](#)
- [NASA Open Data Portal](#)
